Please provide any general comments about the course, including feedback on...
Carlo has been a wonderful TA, always available for questions, organized and clear in his explanations. His ability to explain and walk us through the main topics in the class has been invaluable. It was fantastic to have him!
Carlo was so great this semester. Promptly answered all questions, and I always derived great use from his TA sessions and extra review sessions. Great at explaining difficult material as well.
Carlo is a very helpful, responsible, nice TA and very generous of sharing his own idea of how to understand really abstract content.
Carlo is an amazing TA. Clears up a lot of residual confusion from lecture/text. Very lucky to have him as the Micro TA.
